

ACE Regular Donations

Are you interested in donating to Australians for Cambodian Education and becoming one of our esteemed Happy School benefactors? Well everything you need to know is right here...

The Happy School provides education to around 60 of the most disadvantaged children in Cambodia. ACE is the team here in Australia that co-ordinates the funding and administration of The Happy School where the kids receive some basic opportunities through education to ensure a better life for the students and their families. This includes a world education accredited curriculum and a food program.

For less than the cost of a couple of drinks, a burger meal or a pizza you can help to provide these opportunities by making a small regular donation. A little bit really does go a long way and ACE guarantees over 92 cents in every dollar goes to the happy school as everyone at ACE is a volunteer and our costs are extremely low.

What Now?

Well you can take comfort that you are taking action and doing something good. ACE will keep you up to date with all goings on at the school via regular newsletters and the ACE website www.acecambodia.org.au. All benefactors are mentioned in our annual report so if you have set up a donation look out for your name in the next report.

Thank you for your support!
